United Way's Community Impact Areas

-  **Access to Healthcare**
Each day in America, individuals and families struggle to meet even their most basic healthcare needs. Healthcare should be accessible before conditions become life-threatening. The Access to Healthcare Impact Council is bringing together some of the best healthcare minds in Nevada to examine in closer detail the issues that separate southern Nevadans from affordable, accessible, and timely healthcare.
-  **Commitment to Education**
According to the U.S. Department of Education, almost half of America's kindergarteners come to school unprepared to learn. The Commitment to Education Impact Council is focusing its efforts on increasing the percentage of children entering kindergarten ready to learn and improving the percentage of third graders testing at or above their grade level on State literacy tests.
-  **Support for Self-Sufficiency**
We all know that it isn't easy to make "ends meet" in today's world, even with a steady job and a roof over our head. The Support for Self-Sufficiency Impact Council is uncovering the obstacles preventing families from finding available and affordable housing here in southern Nevada.

You may direct your contribution to a United Way partner agency; other United Way; any 501(c)(3) non-profit tax-exempt organization with an eligible health and human service program. All 501(c)(3) non-profit tax-exempt organizations are eligible. However, United Way does not accept designations to religious or political groups.
