Every hour of every day people in Nevada have critical or urgent needs. They may be looking for training, employment, food pantries, utility assistance, help for an aging parent, addiction prevention programs for their teenage children, affordable housing options, support groups or other services. Nevada 2-1-1 was designed as an information and referral system to direct people to the right Agency or Government Program based on their need. When in need, no one should have to sift through countless phone numbers or be transferred from person to person trying to find someone to help. Nevada 2-1-1 was established to get the right person to the right service, quickly, expediently, and with kindness and humility.

After nine years of service and over 500,000 calls, Nevada 2-1-1 most often helps those seeking the following services:

- Rental/Mortgage Assistance
- Utility Assistance
- Food Banks/Food Stamps
- Medical/Health Care
- Employment Assistance
