

EARLY EDUCATION

LIVE UNITED

STRONGER STARTS IN SOUTHERN NEVADA

Our goal is to increase early learning outcomes by increasing the percentage of children achieving developmental milestones; preparing them for success in elementary school.

Only **ONE** in **THREE** Clark County 3- and 4-year-old children are enrolled in preschool

INCREASING SKILLS AND ENROLLMENT

United Way of Southern Nevada helps thousands of children prepare for school by awarding preschool scholarships, providing parent learning opportunities, and offering training for early childhood teachers and staff.

Children in Nevada Ready! classrooms improve their skills in the English language, math, science and technology

EARLY EDUCATION GAVE CHRISTIAN A STRONG START

When Christian started pre-kindergarten, he needed an individual education plan due to a developmental delay.

Through UWSN, teachers in Christian's classroom receive training on how to evaluate and address delays in their students and with the help of these teachers, Christian now has the skills he needs to continue on to kindergarten.

Preschool Enrollment in Clark County 2009-2018

PRESCHOOL ENROLLMENT CONTINUES TO CLIMB

Since 2015, United Way of Southern Nevada has administered more than 3,000 Nevada Ready! preschool scholarships.

Over the same period, annual preschool enrollment in Clark County increased by 2,400 students, a 3.4% community-wide increase in preschool enrollment.

Together, we can give more children a strong start
